Additional information to support your claim

As well as completing this form it is important that you help us to understand your needs by providing additional information. This should explain how your health condition or disability affects your daily life.

Do send information that shows how your health condition or disability affects you carrying out day-to-day activities.

Don't send general information about your condition like fact sheets or information from the internet.

Only send us photocopies of information you already have available to you. We can't return any documents to you.

There is more information, including examples of what to send us in the Information Booklet we sent you with this form.

Please put your name and National Insurance number on the top of each document.

Section 1 – About your health professionals

If we need additional information we may contact the health professionals that support you.

Q1 Tell us about the professional(s) best placed to advise us on how your health condition or disability affects you

I have jar opening devices, I have an electric tin opener and a one cup kettle.

I struggle with cooking meals, as I cannot lift anything with weight and even a lightweight pan.

I rely on my family to do this owing to the pain in my hand, wrist and thumb.

I find it very difficult to peel or chop vegetables as I suffer with pain in my thumb and wrist and the pain and swelling make it hard for me to cope with this.

I struggle with holding things, so peeling, chopping, mashing, stirring is difficult.

I buy ready prepared vegetables or pre cooked food which can go into the microwave and be reheated.

I buy things that are ready prepared like pre cut salad, pre-cooked meals to reheat in the microwave although I can struggle with this owing to my grip.

Q14d – Extra information - Moving around

Tell us more about any difficulties when **moving around**:

- tell us how your condition affects you doing this activity
- tell us how you manage at the moment and the problems you have when you can't do this activity
- tell us how long it takes you to complete this activity
- does whether you can do this activity vary throughout the day? Tell us about good and bad days
- do you regularly fall? Do you find it difficult to move around on certain ground surfaces?
- do you use a wheelchair? Is it motorised or manual?
- do you experience any other difficulties, **either during or after the activity**, like pain, breathlessness, tiredness, dizziness or anxiety?
- tell us about the aids or appliances you **need** to use when moving around
- tell us about the **help you need from another person** when moving around. This includes help you have and help you **need** but don't get

I am independent in this activity.

If you need to add more please continue at **Q15 Additional information**.

Q15 – Additional information

Tell us anything else you think we should know about your health conditions or disabilities and how these affect you, that you haven't mentioned already.

- If any carers, friends or family want to provide further information they can do it here
- You don't have to complete this part if you've covered everything in the form

I suffer with pain in my wrist and thumb which is likely to be life long owing to other procedures I have had.

I have DeQuervain's Tenosynovitis in both hands.

I suffer with pain near the base of my thumb and swelling near the base of my thumb and experience I have difficulty moving your thumb and wrist when you're doing something that involves grasping or pinching.

I have had surgery on this and it is not getting better. I have been advised I will suffer with pain for the rest of my life.

Please see additional evidence to support my claim.

Continue on separate pieces of paper, if needed. Remember to write your name and National Insurance number at the top of each page and tell us which questions your comments refer to.

Section 4 - What to do now

- Also see **page 11** of the Information Booklet.
- Check you've answered all the questions and sign the declaration in ink
 - Place this form in the envelope provided so that the address on the back page shows through the window

What happens next

After we've received your form we may contact you to arrange a face-to-face consultation with a health professional.

This will give you the chance to tell us more about how your health condition or disability affects your daily life. If you've given us enough information, we might not need to see you.

If we ask you to go to a face-to-face consultation, you must attend, or we can't decide if you're able to get PIP.

Coming to a face-to-face consultation

You'll be able to take someone with you. If you can't attend on the date given, you can contact the health professional to rearrange. The consultation will last about an hour, it's not a full physical examination, but the health professional will talk to you to understand how your health condition or disability affects your daily life.

Tell us about any help you (or someone you bring with you) would need if you have to go for a face-to-face consultation.

<p>If an assessment is needed, we'd like to request that our client is given as much notice as possible.</p>
